

Repurposing Milk Jugs

Contributed by Nancy Smith Michigan Garden Clubs 4th VP Gardening and Conservation

My garden club collected plastic milk jugs to create ‘little Greenhouses’ for early Spring seed sowing and I became interested in how to REPURPOSE milk jugs for additional creative purposes. Plastic milk jugs take up so much room in the recycle bin so I was curious to know what else my club could use all the jugs we collected. Here is a list of websites I found for additional information:
